Experience with us what it means when the Bible talks about the unity in Jesus – the one new man. Experience the international atmosphere and strengthening community – together as Jews, Arabs and Germans. As a sign of hope in such a time as this. Experience God in a new way.

We want to build relationships and be built as a team: What does it mean to follow Jesus together? How do we live as “the one new man”? We want to dive deep into these topics but also: have a lot of fun together! This is not a reconciliation program – this is about the Gospel in action. In the second part of the week we want to encounter people in a personal atmosphere or go out into the streets give testimonies, sing songs of God’s love and talk about the hope we carry in us. Be part of a special time of fellowship in God’s presence.
